

Photech Environmental  
Solutions Inc.  
A Triumvirate Environmental Company

June 2024

To Our Valued Clients:

We are excited to announce that Triumvirate Environmental has acquired Photech Environmental Solutions Inc. and Loop Recycled Products to continue to deliver world-class waste disposal and environmental, health, and safety (EHS) services to organizations like yours throughout North America. By combining the industry leadership and expertise of these firms, we have broadened our capabilities to provide you with enhanced services at the same high level of quality you have come to expect.

Passionate about customer service and dedicated to safety, Triumvirate Environmental has been providing hazardous and non-hazardous waste management services, innovative recycling solutions, field services, and EHS professional services to world-renowned companies for more than 35 years. Triumvirate Environmental's skilled team has expertise in areas such as:

- Hazardous and non-hazardous waste management and transportation for large and small quantity generators
- Waste disposal methods such as recycling and fuel blending
- Waste stream assessments and audits
- Waste characterization and minimization
- Environmental site remediation, including bulk soil disposal
- Facility and site cleanups and decontaminations
- EHS regulatory compliance training

Triumvirate Environmental, Photech Environmental Solutions Inc., and Loop Recycled Products share similar values, including an unrelenting commitment to environmentally conscious waste management; a dedication to delivering unsurpassed customer service; and a strong emphasis on safety and compliance. Working together, and combining our respective strengths, we look forward to continuing to help you solve your EHS and waste management challenges.

Sincerely,

**Neil Patterson**  
President  
Photech Environmental  
Solutions Inc.
